
ASSIGNMENT OF COPYRIGHT

I certify that no material in this manuscript has been published previously and no part of it is currently under consideration for publication elsewhere.

Author's signature _____ **Please sign again below.**

_____ (hereafter the "Author"), hereby assigns, transfers and sets over to the Foundation for Advances in Medicine and Science, Inc. (FAMS), located at Mahwah, New Jersey 07430-0485, the copyright and the right to obtain copyright registration of the article entitled:

“ _____
_____ ”

Copyright transfer includes all rights to renewal and extensions of copyright for reproduction in all media. FAMS, its related companies, and licensees shall have the sole right to print, reprint, publish, license, translate, and vend the article, as an abstract and in its complete form, and it is agreed that the copyright to both forms is hereby conveyed. Author is hereby licensed the right to use all or part of the article in future works written by the Author without charge, provided written permission of the publisher is obtained. Author reserves all patent rights to any patentable subject matter described in said article. Author represents and warrants that said article is wholly original with Author/Authors and further warrants that Author/Authors have not sold, assigned, licensed or encumbered any of the rights granted herein.

To be signed by all authors:
