### Monterey Bay Whale Watch

Friday, April 13, 2007 • 10 a.m. to 1:00 p.m.

A trip by boat on the Bay accompanied by a marine biologist from the Pacific Cetacean Group, a non-profit group dedicated to research, education and conservation of whales and dolphins, is open to SCANNING 2007 attendees. Partial proceeds from the Whale Watch trip directly supports this group. The entire Gray Whale population migrates past the Monterey coastline every winter/spring and will be the focus of the trip. We also have time to search for dolphins (up to five species) often seen by the thousands, porpoises (two species), sea lions, otters, and seabirds.

Yes, please reserve tickets for the Monterey Bay Whale Watch. Cost is \$32 for adults and \$21 for children under 12:
